

Team Recap by Don Bushuk

The 2023 Canadian Masters Teams tournament was held in the beautiful host city of Charlottetown PEI last weekend. Seven provinces each sent teams of four men and three women to compete for the title. Matches were played on new courts constructed for the upcoming Canada Games in February.

This year Manitoba was proudly represented by Gail Martin, Tasha Shiaro, Myrla Savet, Gautam Sharma, Jon Thiessen, Don Bushuk, and Tom Brown.

With a focus on healthy lifestyle and friendly competition , teams played matches against players of the same rank from other provinces with the first team to reach four match victories being the draw winner.

All team Manitoba members fought from start to end against some of the country's top masters and capped off the weekend with all members winning their final matches for a 7-0 victory over host PEI to secure 5<sup>th</sup> spot in the country!

If you're interested in trying out for next years' team, watch for the email next fall! It is the ultimate honor to represent Manitoba in our sport and is a great way to form strong bonds with other like minded squash players across Canada. We all thank Squash Manitoba for this great opportunity!

Good squashing!
