

## 2019 Canada Winter Games Team Squash Manitoba Selection Process

**Boys:** Group 1: Alex, Bryce, Kostubh, Will, Fredrick, Owen, Lukas, Jake

Group 2: Dylan, Haryn, Liam, Ivo (athletes will be on squad but won't take part in tryouts)

Spring Trials: All 8 boys will play in two round robins of four players. There will then be a cross over semi-final and final, as well as playoffs for 3/4, 5/6 & 7/8. The final positions of the first set of trials will determine the seeds for the second set of trials in September 2018.

Fall Trials: The Fall trials will follow the same format as the Spring Trials with seeds based on results of Spring Trials. If the same four players finish in the top 4 in both trials, the team will be complete. \*

If there is a different top 4 final positioning and alternate (position) finish in the two trials then a third trial/playoff will be used to determine the final positions. The players that finished in the top 4 once and not the other will have a playoff match with the winner making the team.

If a player finishes top 4 in both first two sets of trials then they will make the team. If a player finished 5<sup>th</sup> in both sets of trials where the same players finished in top 4, they will be named the alternate to the team.

The trials will determine the team but not necessarily the playing order as that will be at the discretion of the coach.

\*if a player is unable to play because of injury the coach will determine if there is to be extra playoffs made involving them. This could alter a players standing who finished top 4 in both sets of trials. These extra trials must be completed a week prior to when the final team submissions are due.

**Girls:** Devika, Emily, Dorothy, Anne, Mohyna, Ava

Spring Trials: All girls 6 girls will compete in 2 round robins of 3 with cross over for the top 4 finishers into semi finals. The 3 place finisher in the two groups will play one another. The final positions in the spring trials will determine the seeds for the fall trials in September.

Fall Trials: The fall trials will follow the same format as the Spring Trials. If after the fall trials, it is the same top 4 players in both sets of trials, then the team will be named. If the final placings in the two sets of trials are different, then a third trial/playoff will be used to determine the team. The results from the final trial will determine the team since both/all players would have finished in the top for in one trial and not the other.

The Trials will determine the team but not necessarily the playing order as that will be at the discretion of the coach.

\*if a player is unable to play because of injury the coach will determine if there is to be extra playoffs made involving them. This could alter a players standing who finished top 4 in both sets of trials. These extra trials must be completed a week prior to when the final team submissions are due.

Spring Trials: May 10-13, 2018

Fall Trials: September 27-30, 2018

Final Trial/playoff if necessary: October 25-28, 2018
